UTILITIES

Producers and distributors of electricity, natural gas, water and steam, among other utility services, whose distribution facilities and infrastructure are mostly regulated by government. This sector serves private and industrial consumers.

- Distribution facilities (for consumers) – e.g. Severn Trent, Plc.
- Independent power producers – e.g. Progress Energy, Inc.
- Public service infrastructure maintenance – e.g. United Utilities Group, Plc.
- Electricity, natural gas, water, steam and cooled air – e.g. Gazprom, O.A.O.
