

REAL-TIME RESEARCH MODULE

THOMSONONE.COM

The real-time research module is an add-on module to ThomsonONE.com. It provides access to real-time morning notes and equity and fixed-income research reports from brokers and independent research contributors for the private equity community.

Benefits

- Gather critical insight from real-time research reports.
- Assess the overall 'street sentiment' on a stock.
- Accurately assess businesses and markets around the globe.
- Powerful functionality to help you find the information you need:
 - Access individual company, market and portfolio views.
 - Search for reports by keywords in the report headline or document contents.
 - Filter by date, subject, contributor, analyst, sector or document details.
 - Leverage content tags to quickly identify similar reports.

Coverage

The Thomson Reuters real-time report database encompasses:

- Major global firms as well as boutique, regional and local firms.
- More than 1,400 contributors around the globe.
- More than 6,000* new reports daily.
- Nearly 5,000* new notes daily.
- History back to 1994.

*This volume nearly doubles during peak reporting periods.

RESEARCH AND ALERTS

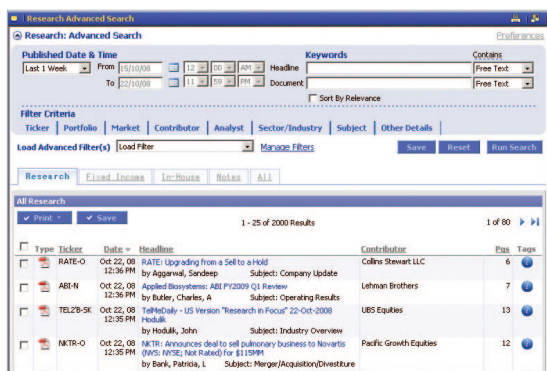

In ThomsonONE.com you can access:

Research Reports: In-depth analysis into market and regional trends, highlighting risk and opportunity around the globe.

Notes: Commentary briefs providing up-to-the-minute analysis of market and company events.

Fixed Income: Ratings updates, earnings reviews, credit market reports known by the Bond Call name.

Alerts: Setup alerts on author, contributor, industry, region, subject and keywords to be sent to your desktop or email inbox.
