

REUTERS PICTURES

ACCESS A MIRROR OF OUR TIMES

Reuters photojournalists have witnessed and documented the events and moments that define the modern era. The Reuters Pictures web site offers direct access to over 1600 images per day plus an archive of 5 million images spanning a broad range of topics.

Available to all professional image buyers, the Reuters Pictures site is fully searchable, offering access to the full output of Reuters global network of more than 600 photographers. Browse packages of the day's top stories, wider thematic selections and archive material. The site's advanced functionality includes lightbox selection and the ability to share slideshows with colleagues.

We make it easy to find the right image. In addition to picture captions, top images are tagged by our dedicated keyword team. Keywords include aspects as diverse as the subject, detail, event, people, actions and moods.

BENEFITS

- Access to the breadth of Reuters daily coverage and archive content
- Utilises daily packages, thematic selections and keyword optimisation to help you find the right image
- Flexible pricing with pay-per-use and subscription tiers. Price determined varies by type of publication, placement, geography and volume of distribution.

FEATURES

- **Package Topics** – browse and search packages within 25 leading topics for relevant stories and visuals. Topics are also available to search
- **Top Pictures** – the best pictures from each day, month and year are identified and organized to help narrow your search
- **Email Alerts** – receive email notification about new packages and breaking news. Selected stories are provided with accompanying text and background information
