MULTIPLE CHANNEL LIVE-STREAMING VIDEO NEWS

# REUTERS LIVE ONLINE

Reuters Live Online allows you to stream three live events simultaneously to your website – captivating your audience and ensuring you become their primary news source.

Live video gives you and your audience direct access to the people, issues and events that are changing our world. The speed and breadth of our live coverage makes Reuters the ideal partner in an increasingly competitive digital news environment.

**The true value of the world leader**

- **We cover the world:** With an unparalleled breadth of content ranging from live breaking news and scheduled events, to live entertainment, sports and quirky stories.
- **We help you know your audience:** Real-time viewer analytics let you know the size of the audience as they watch your content.
- **We make things simple:** Our easy-to-use editorial planner allows you to build a personalized playlist and book current or future events – at the click of a button.
- **We manage your events:** To allow you to focus on your audience, start and end times of our streams are supervised by us.
- **We set the standard for delivering news from around the globe:** With 200 bureaus worldwide – more than any other news organization – you can be sure our coverage of the world's biggest news stories is accurate, timely and objective.

**FEATURES THAT GIVE YOU THE EDGE**

- > **Ready to go:** Save time with our web-ready content. Minimize the impact on your editorial workflow with simple and convenient integration options
- > **Flexible & customized:** Content is conveniently pre-formatted and approved for online use, subject to regional restrictions
- > **More effective planning:** Email reminders and daily outlooks inform you of any changes in schedules. Planning and booking tools are available through Reuters Media Express
- > **Help at hand:** 24/7 Global Helpline. Monitor live content and ask our editors questions via our supported chat rooms
